RE: Agenda Item 7 – Transportation Safety

Council of Mayors staff would like to introduce the topic of transportation safety during 2018 in an effort to increase awareness and share best practices among member municipalities. It is our intent to discuss various topics related to safety at each meeting and today we are looking for input from the Council on any particular safety topic of interest. Potential topics to discuss at future Council of Mayors meetings include:

- IDOT Presentation on 5% Crash Locations
- Highway Safety Improvement Program (HSIP) Funding
- CMAP Safety Performance Targets
- FHWA Proven Safety Countermeasures
- Vision Zero Policy

Crashes impact all roadway jurisdictions – municipal, township, county and state – and therefore any attempt to improve safety will require a multijurisdictional effort. The McHenry County Council of Mayors, as a group of elected officials and municipal professionals, is uniquely positioned to begin addressing this difficult issue in the months to come. Staff looks forward to hearing your thoughts on the overall topic of transportation safety and specific items members would like to discuss at future meetings.
